Report on the Municipal Administration of the Civil & Military Station of Bangalore during the year 1890-91, by Colonel H. M. S. Magrath, President, Mun. Commission.

(Adopted by the Commissioners in Resolution No. 19, dated 28 May 1891)

Legislation

The administration of Municipal affairs in the Civil and Military Station of Bangalore has continued to be conducted under the Bangalore Municipal Regulations of 1883.

To assist the President in the better management of the Municipal administration, in addition to the appointment of an officer of high professional attainments as Executive Engineer at the beginning

beginning of the last Official year, the President was pleased, with the previous sanction of the Government of India, to appoint an officer as Secretary to the President; and to legalize these appointments the provisions of Sections 11, 12, 13 a, 13 b, 13 c, 14 and 23 of the Regulations have been amended and the sanction of the Government of India obtained thereto in Foreign Department Notification No: 904 I, dated 4 March 1891. The Amendment of these Sections also provides for the appointment of these two officers as ex-officio Municipal Commissioners, and the Secretary to the President as Vice-President.

The

The Sanitary Board in their report No. 58, dated 6th February, 1890, brought to the notice of the Resident that the Sanitary Condition of the Several aerated water manufactories in the Station inspected by them was most unsatisfactory, the premises themselves were in a much neglected state, and the machinery, stands for bottles, and all the other appurtenances, connected with the manufacture were not clean, and that the water, prior to being aerated, was not subjected to purification, filtration or any other process. Specimens of the waters exposed for Sale were exceedingly muddy.

Containing large quantities of suspended matter, and the Deputy Surgeon General, a member of the Board, was of opinion that as much of the sickness which usually prevails amongst the European troops in Garrison may reasonably be attributed to the use by them of unwholesome aerated waters, it is desirable that all places where Sodawater, lemonade, gingerale &c are manufactured should be licensed, and placed under such conditions as will ensure the sale only of absolutely pure waters. In the absence of any provisions in the Regulations, the Commissioners, to whom the report was referred

referred, were unable to act, and it was therefore proposed to amend Section 184 of the Regulations, giving powers to the Commissioners for the Control of those places, but the Government of India have not, it is intimated by the President, accepted the recommendation, but suggested the desirability of substituting Sections 117 and 118 of the Punjab Municipal Act XII of 1884 for Sections 184 and 186 of the Regulations. The matter is still occupying the attention of the Commissioners, as they consider that taking advantage of this opportunity, the whole of the Regulations (which require revision) be redrafted according to the present wants and requirements of the station, and

and submitted to the Resident, for the ultimate approval and Sanction of the Government of India.

Clause 1 of Bye-Law No: 8 was amended by the Commissioners in Conformity with the provisions of Section 13 of the Regulations restricting the duties of the Collector of Taxes to the Collection of House tax and all other Municipal Collections.

The Resident has drawn the attention of the Commissioners to the impracticability of conforming to the provisions of Section 73 of the Bye-Laws, which provided that all bills for Salaries or works carried out should be first examined and passed by the Commissioners before payment is made, and desired its amendment.

So

So as to ensure that no bills in excess of the Estimates shall be paid without the Commissioners' previous Sanction. The Bye-Law was amended accordingly providing that no bill which exceeds Sanctioned Estimate by more than 5% shall be passed by the President, without the previous Sanction of the Commissioners and the same was Confirmed by the Resident in Assistant Resident's Letter No: $\frac{4218}{23390}$, dated 20 December 1890.

The Commissioners had no power, under the Regulations or Bye-Laws, to prevent the manufacture or sale of unwholesome milk, butter or ghee, and the Deputy Surgeon General's recommendation for the amendment of Bye-Law No: $\frac{4}{40}$, to allow of inspection of places used for the

he manufacture and sale of these articles, and prosecution of persons manufacturing or selling adulterated articles, under a penalty of Rs 20/. was adopted by the Commissioners and approved of by the Resident in Assistant Resident's letter No. 86/5591, dated 10 January 1891.

The District Superintendent of Police having brought to notice that prosecutions for driving bullock carts without lights before 7 P.M, when darkness sets in, as is usually the case at the new moon, resulted in the acquittal of the accused, Consequent on Bye-Law no: 18, Clause II, providing that whoever drives a cart without lights between the hours of 7 P.M and 4 A.M. is liable to prosecution, the Commissioners

Lane

have considered it desirable that vehicles of all descriptions should have lights half an hour after Sun-set and one hour before Sunrise, and the amendment was confirmed by the Resident in letter No: $\frac{1927}{7217}$, dated 24th June 1890.

The license fee for brick Kilns was fixed at ~~Rs 5/-~~ in Chief Commissioner's Notification No: 31, dated 27 September 1879, in place of the tax of 2 annas per 1000 bricks, and 1 annia per 1000 tiles prescribed in Bye-Law no: 24, and although the levy of the latter has ceased, the Bye-Law remained uncancelled. During the year, so much of the Bye-Law as regards the levy of the tax was expunged, and the Bye-Law slightly amended prohibiting

biting the quarrying of gravel, or stone, or digging clay for bricks, or tiles, and the amendment was confirmed by the Resident in letter No. 1858/12290, dated 18th June 1890.

To facilitate generally the Conduct of business, and to confine discussions to the actual subjects before the meeting, Section 2 of the Bye-laws was amended by the Commissioners as follows:—

2 A In discussing questions, a Commissioner shall rise when he speaks, and shall address the President, or other member temporarily presiding.

2 B. He shall not read his speech, but may refresh his memory from notes, and may read, with the Consent of the President passages

passages from books, or documents, cited in behalf of his argument.

The Amendment was confirmed by the Resident in letter No: 3446/4419, dated 11 October 1890.

House Rate.

This is one of the principal sources of income, and during the year under report 20 per cent of the total collections which aggregated Rs 1,84,07 3-2-8 were derived from this source.

The rates on buildings of every description in the Civil and Military Station of Bangalore aggregated Rs 704 17-14-11.

Rates as shown hereunder were not levied on the buildings specified:—

Places of Public Worship — Rs	3971-8-
Military buildings —	21542-1-7
Government & Municipal buildings —	2054-4-6
Charitable Institutions —	2098-4-6
Buildings owned by parties whose sole rateable property was of less annual value than Rs 14 —	660-5-6
Total Rs	30326-4-

The Amount of house rate, including arrears, under actual demand during the year, was Rs 43919-15-2 of which a Sum of Rs 38681-1-6, or 88 per cent, was duly collected during the year. Rs 37564-15-1, or 86 per cent of this amount, were realized and credited in the accounts and included a Sum of Rs 917-7-6 recovered from the City Municipality on account of the rates on certain houses on Nundidroog and Millers Roads, which it had collected between 1883 and 1889, under a misapprehension of the line of boundary of the Civil and Military Station of Bangalore, and Rs 1116-2-5, or 2 per cent, were remitted on account of vacancy of houses, or of reduction of the Estimated value of the property. A Sum of Rs 5238-13-8, or 12 per cent

was

was made adjustment at the close of the year, of which a sum of Rs 1645. 11. 10 has since been recovered under coercion by notices of demand and warrants of distress.

Lighting Rate.

This is one-fifth of the house rate, and is collected concurrently with it. The procedure in regard to both rates is similar.

This rate, to the amount shown below, was not levied on the buildings specified:-

Places of Public Worship — Rs 794. 5. 2
Government & Municipal Buildings — 341. 3. 2
Charitable Institutions — 419. 11. 0
Buildings owned by parties whose sole rateable property was of less annual value than Rs 14/.

Total

The actual demand, including the arrears of previous years, on account of the Lighting Rate amounted to Rs 16460:11-0. Of this a Sum of Rs 7467.8-7, or 45 per cent, has been adjusted during the Year, and a Sum of Rs 7913.6-0, or 48 per cent, being the amount leviable on Military buildings is under reference with Govern-ment, leaving a balance of Rs 1079.12.5, or 7 per cent, still under adjustment at the close of the Year. A Sum of Rs 337.14.0 has since been recovered, and the remainder is being recovered as with the house rate, under Coercion, by notices of demand and warrants of distress

istration of Cartes, Professions &c

Demand under this head, to the books of the office, amounted

amounted to Rs 22607, of which of Rs 16084, or 72 per cent, has realized or struck off the book after due enquiry, during the year under review, leaving a sum of Rs 6523, or 28 per cent, under adjustment or enquiry at the close of the year. A sum of Rs 568 has since been adjusted and Rs 2556 are due by Government on account of the officers of the Garrison. Steps are being taken for the early adjustment of the remainder amounting to Rs 3299, or 15 per cent, of the year's demand.

Sale of liquor

The amount realized in connection with the sale of liquor aggregated Rs 35967, or 19 per cent of the total collections during the year, and therefore ranks next

in importance to the House Rate.
sum of Rs 1008, or 3 per cent of
the demand for the year, was
under adjustment at its
close. A sum of Rs 846 has
since been adjusted

Market Collections

The demand on account of
Market rents and other miscel-
laneous fees levied at the mar-
kets aggregated Rs 13813-0-8,
of which a sum of Rs 1913, or
14 per cent, was written off the
accounts, on account of vacant
stalls, thus leaving a sum of
Rs 11391-6-8 for collection during
the year. A balance of Rs 508-10-0,
or 4 per cent, was under col-
lection at the close of the year,
of which Rs 130 have since been
recovered.

The increase under head
" Market

"Market Collections" is partly di
the rents realized and credited
Municipal Funds from Charcoa
and Firewood stalls attached to
the Jumma Musjid, and pur-
-chased by the Municipality
during the year, and partly to
the occupation of several of
the stalls that remained
vacant at the close of the
previous year

Miscellaneous

The remaining items of income
taken separately, are of some-
-what minor importance, and
call for no special notice. They
aggregated Rs 39182-4-9 or
21 per cent of the total collec-
-tions of the year, of which the
fees derived from the Slaughtering
of animals for food formed 59 p.
cent, or 12 per cent of the year's
receipts under all heads.

Dear Mr Clarke

I hope you will find the Enclosed sufficient

Yours Sincerely

Jm Dixon

The incidence of
Municipal Taxation
is given in Statement
No 2 accompanying
the Annual Report
for 1890-91.

The decrease under
head "Original Works

is due to renewal of the
sanctioned works,
not having been
carried out during
the year, the same
have been entered in
the Budget for the
Year 1891-92

The decrease under
head "Conservancy"
is due to saving on

expected under head
Contingencies i.e. for
purchase of Tools and
Plant, Prospectus
& hire of bullocks.

Provision of
Rs 8617 was made under
head "Rescue" for
Extraordinary charges
of which however a
sum of Rs 1938 only
has been appropriated

on account of Cicaro
charges and
gratuities to Municipal
Servants hence the
Cargo saving under
this head
